DSC NEO Power Series Configuration Manual

(HS2016/2032/2064/2128)

*NOTE: M2M advises that an experienced alarm installer program these panels as further programming is required to ensure proper performance.

Full panel testing & signal confirmation must be completed by the installer.
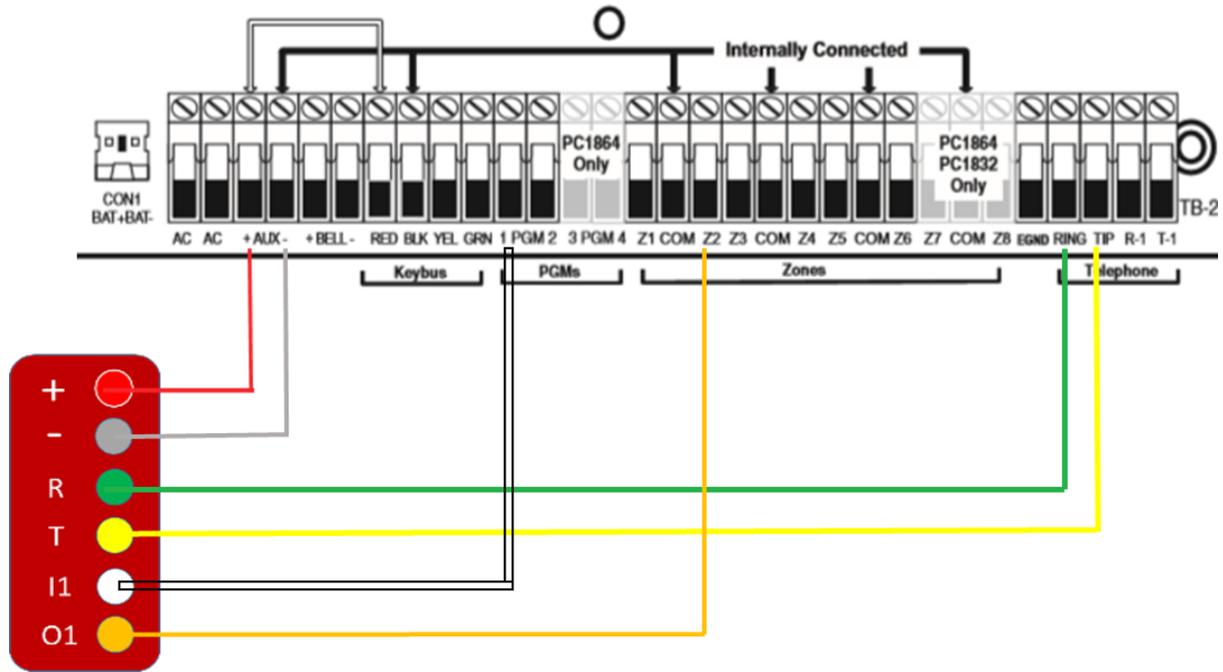

*IN1 and OUT1 – optional terminals for the remote arm/disarm feature

Wiring the MN01-4G to the Alarm Panel
