

**Model No:** TXBP265

**Chemistry:** Li-Ion

**Voltage/Capacity:** 7.4V / 2000mAh

**Safety Components:** Over-temperature protection & short circuit protection.

**Electrical Connection:** With HPCB

**Military grade performance**

**Designed for high humidity and salinity conditions**

**Made with high quality shock resistant polycarbonate**

Mechanical:		Enviromental:	
Original Brand	ICOM	<b>Charging Temperature</b>	0°C to 50°C
Original Part No.	BP265	<b>Discharging Temperature</b>	-20°C to 60°C
Compatible Radio Models	IC-F3001/F3003/F4001/F4003, IC-V80/V80E	<b>Storage Temperature</b>	25°C +/- 5°C
Cells Used	Chinese Cell or Japanese Cell	<b>Storage Position</b>	Non-critical
Plastic Material	PC+ABS+Fireproofing Material		
Assembly Construction	Housings bonded by ultrasonic		
Charger & Radio Contacts	Gold-plate		

Package:	
Inner Package	Each battery with kraft paper box
Our Package	According to the Airline rule,each carton below 10kgs.
