

XMRBODYCAMBDASH

Main Features

- Vacuum adsorption, assemble conveniently.
- The supporting bracket is strong and hard to shake.
- It has several angle standing values to adjust angle all-round.
- The mounting platform can rotate by 360 degree to avoid LCD reflections.
- The pressure valve has the advantages of easy-to-operate, reliable installation.

	Model	XMRBODYCAMBDASH
Main parameter	Load-bearing	5kg
	Fixation pattern	Various fixation pattern, support to rotate 360 degree
	Sucker diameter	Φ90mm
	Dimension size	90(W)*130(L)*140(H)mm
	Weight	About 100g
	Colour	Black
	Texture	ABS environmental plastic
	Supported module	XMRX2, XMRX4, XMRX5, XMRX8
